# SS ULTIMATE SERIES

## SELF CONTAINED HOT/COLD/STEAM SKID

**The Best Just Got even Better:** Compare these standard features

### ■ Rugged “Pro-TECT-it” Frame:

The Ultimate in protection. Hydro Tek’s unique “Pro-TECT-it” frame of 1 1/4” heavy gauge steel, with durable electrostatically applied powder coat finish. The built-in lifting eyes gives you greater flexibility and protection when moving the system. Compact: Fits through 30” door with wheels.

### ■ NEMA4- Water Tight Control Panel:

ETL certified to UL1776 Class 2, for use in wash-down area, exceeding industry standards. Special Hydro Tek control box features easy to use controls and provides instant access to electronics. Standard diagnostic indicators, including an hour meter to monitor system use, ensures optimal system performance.

### ■ Flexible, high intensity 12V Diesel Burner System:

Sophisticated 12V burner system transforms available power from system to fire the diesel burner. This efficient burner system offers an economical alternative to provide maximum burner performance. No outside power source is required.

### ■ Stainless Steel Panels:

Not just decorative flashes, these rugged and durable panels offer lifetime corrosion resistance and protection of your valuable investment from the harshest environments. Keeps your machine looking like new for years to come. Quick connects provide easy removal for full access to all major components and the Ultimate in serviceability.

### ■ Heating System:

The Ultimate balance of power, efficiency and corrosion resistance in this uniquely designed Hydro Tek schedule 80 coil. Rugged construction suitable for ‘over the road use’ works in harmony with the stainless steel, ceramic insulated housing. Virtually indestructible construction and industry leading performance-years of uninterrupted, worry free service.

### ■ Total Relief Unloader:

Flow sensitive unloader provides the Ultimate in operator safety and control- eliminating “pressure spikes” and gun “recoil”. Incorporating superior system design, this premier unloader protects the entire system from trapped pressure- increasing the reliability of the machine, and maximizing life of associated components like trigger guns, pumps, engine, hoses and all wear items.

### ■ CAT Belt Driven Pump:

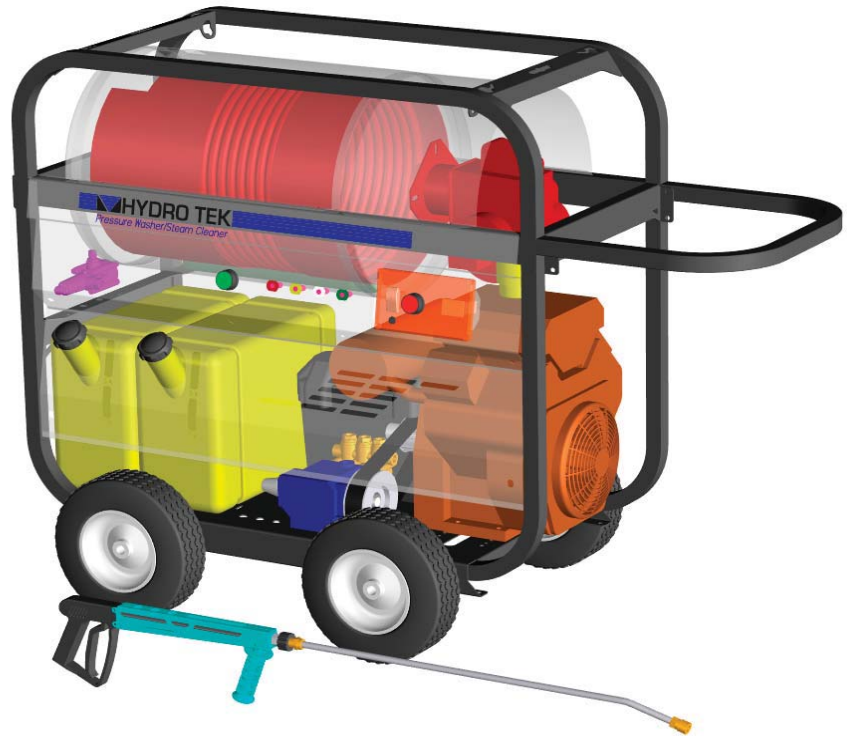

High torque, low RPM drive- cooler, quieter, continuous duty performance. These Industrial triplex pumps outperform the competition in longevity – featuring concentrically bored & polished, graphite impregnated ceramic plungers with advanced seal design to meet our Ultimate standard- yours.

### ■ 7.5 Gallon Gas/ 7.5 Diesel Tank with filtration:

Heavy Duty “roto-molded” rust free fuel tanks with water separating fuel filter to protect against contaminated fuel. Extended run time (up to 8 hrs.) eliminates interruptions.

### ■ More Standard Features:

- Detergent flow metering at full pressure
- Quick release nozzles
- Industrial gasoline engines with efficient OHV design, feature heavy duty steel cylinder liners for industrial strength power
- Durable diesel engines available for enhanced longevity and efficient operation
- Burst disc technology for operator safety
- Rustproof float tank to regulate incoming water ensuring consistent system performance
- Adjustable temperature up to 250° F with steam setting
- Heavy duty hose 50’ 5000 PSI/ 250’ rated and stainless steel “Ultra Gun”.
- Full size battery included

Shown with optional wheel kit

## Specifications

Model	PSI	GPM	Temp.	HP	Engine
SS34005V	3400	4.6	250 F	16	Vanguard Gas
SS28005Y	2800	4.6	250 F	10	Yanmar Diesel

### Optional Features and Accessories:

Turbo Nozzle, Hydro Twister- deck and concrete cleaner, Wet sandblast assembly, Hose and wand extensions, hose reel, wheel kits, Machine cover, Trailers and tank skids.

Specifications may vary, consult factory for custom models
